

# Meeting Rooms

A meeting room for your group is included in your group retreat package. All meeting rooms include complimentary WiFi and A/V equipment. Event Planners can request the table and chair arrangement they would like, as well as the A/V equipment needed on their Planning Forms sent by the Conference Services Coordinator; we'll have your room setup so you can just 'plug and play' once you arrive. Download the A/V equipment list to see what we can offer.
