

A/V Equipment

Groups coming to Wheat State should request A/V equipment via their retreat planning forms. A link to this form is available from your Group Accounts Rep. Conference Services will equip your meeting space with the appropriate sized system based on your requests. If you would like specific equipment, please go over those requests with Conference Services. Please understand that all A/V equipment requests must be submitted prior to your arrival and are pending availability. *Further instructions and demo provided to groups upon arrival.*
